Restaurant Technologies, Inc.
Opens Depot to Serve Kansas City Market

MINNEAPOLIS, MINNESOTA, February 16, 2006 – Restaurant Technologies, Inc. (RTI), a leading provider of bulk cooking oil management services to the food service industry, is pleased to announce that the company has opened a depot in Olathe, Kansas.

Opened in September 2005, the Olathe depot will service RTI customers in roughly a 100 mile radius, including the cities of Kansas City, St Joseph, Topeka, Lawrence, Ottawa and Higgensville. Michael Hennies, general manager, oversees the facility and its operations, which are located at 1552 East Spruce Street in Olathe. The depot employs approximately 10 RTI personnel.

RTI has strategically located depots throughout the United States to support its customers, which include companies in the fast food industry, restaurants, grocery stores, school, hospitals and other food service providers. A depot serves as the distribution center for delivering new cooking oil and housing waste oil. Currently, RTI has 30 depots nationwide with plans to expand to 36 by the end of 2006.

“We are pleased to expand our operations into the Kansas City market,” said Jeffrey R. Kiesel, chief executive officer at Restaurant Technologies, Inc. “Our customer base is growing and we believe RTI can provide more efficient service and delivery by opening this new facility. We are pleased to be a part of the Olathe business community.”

About Restaurant Technologies, Inc.

Restaurant Technologies, Inc. provides bulk cooking oil services to over 10,000 restaurants, grocery and other food service customers across the U.S. The company’s unique business model has won it accounts such as McDonald’s and Albertson’s, and fueled greater than 50% annual growth since its founding. 2005 revenues totaled more than \$100 million. Headquartered in Eagan, Minnesota, RTI employs approximately 700 personnel. For more information, please visit www.rti-inc.com.
